# SCIENTIFIC MEETINGS

A LIST OF FORTHCOMING MEETINGS

APRIL 1961

SCIENTIFIC MEETINGS is published 3 times a year. Subscriptions are \$4.00 a year. Single copies are \$1.50. Make checks payable to SCIENTIFIC MEETINGS and send orders to the business manager.

This issue of SCIENTIFIC MEETINGS lists those events which are scheduled to be held on and after April 1, 1961. The data concerning the meetings are, for the most part, prepared from announcements which have appeared in scientific journals. The accuracy of the data, therefore, depends on the accuracy of the announcements. The editor invites scientific organizations to send announcements of their own meetings directly from their headquarters.

Part 1 of SCIENTIFIC MEETINGS is an alphabetical listing of organizations sponsoring events. It contains complete data on the meetings. Arrangement of entries in this section is strictly alphabetical, without regard for preceding or intervening articles or prepositions. Part 2 is a chronological list; this part is a finding list only, and it will be necessary to refer to Part 1 for specific information. The term "Info." indicates a source of further information about a meeting, and the term "Ref." indicates the source of the announcement.

The following societies and members of Science-Technology Division took part in preparing this issue:
